

# DAILY DEMOCRAT-FORUM

LARGEST CIRCULATION OF ANY DAILY PAPER IN ANY MISSOURI TOWN ITS SIZE.

VOLUME 6.

MARYVILLE, MISSOURI, WEDNESDAY, JUNE 23, 1915

NO. 17.

## CITY COMPELS A SAFE, SANE FOURTH

ORDINANCE RESTRICTS SALE AND USE OF FIREWORKS JULY 4.

## COUNTY TOWNS WILL OBSERVE DAY THOUGH

Clearmont, Burlington Junction and White Cloud Plan Celebrations—No Display Until July 3.

Maryville may not be planning for any formal celebration of the "Fourth of July" or Independence Day this year but the small boy of the city will celebrate it just the same, even if he has to get out of the city limits. There will be nearly the usual display of fireworks by dealers too, though two, who handled the goods last year, say they will not repeat the performance this year.

There will be several celebrations held over the county too. Most of them will be on July 3 as July 4, this year, falls on Sunday. Those who already have announced celebrations for Saturday, July 3, are Clearmont, Burlington Junction and White Cloud.

Monday, July 5, will be the real legal holiday over the country.

The celebration of Independence day this year here, will be extremely tame though on account of the city ordinance prohibiting the sale or use of dangerous fire works.

### City Regulates Sale and Use.

The existing ordinance was passed by the city council on June 25, 1913, while Arthur Robey was mayor. It repealed a nearly similar ordinance passed June 11, 1909. This present ordinance prohibits the sale or use within the city limits of Maryville of dynamite caps, fire crackers over three inches long or more than one-fourth of an inch in diameter, or any cap pistol or caps therefore or any toy cannon or any bomb made of dynamite nitro-glycerine, gun cotton, giant powder or any other explosive.

It also regulates the sale of discharge of fireworks of any description and provides a penalty ranging from \$1 to \$50 for each offense of dealer or purchaser.

### No Display or Sale Until July 3.

The ordinance prohibits dealers in such wares, to display fire works of any kind until July 4, or if that day falls on Sunday, as is the case this year, not before Saturday, July 3. This cuts down the sale of such celebration materials considerably local dealers say, as many youths begin celebrating several days before the Fourth of July really arrives.

Only two stores in town will probably offer fireworks for sale this year. Each secured a supply of the goods last Thursday, but they will not be displayed nor offered for sale until Saturday, July 3.

So with all this strict law, the giant crackers will have to go and the "lady" cracker will reign supreme. Of course there will be the usual sparklers, red lemonade, Roman candles or sky rockets to be used, but they will be very tame.

### TO PLAY CLARINDA SUNDAY.

Federals Cancel Games With Stanberry After They Decline to Come.

The Maryville Federals will play the base ball team of Clarinda, Ia., at Federal park here next Sunday afternoon. Manager Cleve Funk announced today. The Federals were to play the Stanberry Red Sox, but the Red Sox have refused to come, so the Federals have in turn canceled the game to have been played there Saturday, July 3.

The Clarinda team is considered a fairly fast team. They were defeated at Hopkins by Hopkins last Sunday, but is said only four of Clarinda's regular players took part in the game. "Tal" Clark manages the team of Clarinda.

## GO TO EPWORTHIAN MEET

Five South Methodists Leave Today for Savannah/District Meet.

The Rev. John H. Hubbard and daughter, Miss Iva Hubbard; I. B. Williams, Miss Maud Sheldon and Miss Nina Evans leave this afternoon for Savannah to represent the Buchanan Street Methodist church in the annual conference of the St. Joseph district of the Epworth League, to be held there today, tomorrow and Friday.

Others over the county on the program for the three days convention are the Rev. M. Dewitt, Skidmore; Miss Donna LaMar, Elmo; Miss Rose Campbell, Elmo; Mrs. E. C. Starin, Guilford; Miss Mattie Bishop, Ravenwood. The Ravenwood church orchestra will furnish music during the convention.

## FLOOD DANGER ALL PAST

Nodaway, 102 and Platte Falling Except Lower Part of County—Nearly Off Lowlands.

All danger from flood from the recent rains is past. At noon today the Nodaway, 102 and the Platte river were each receding at all points in Nodaway county except at Guilford, on the Platte, and Arkoe and Barnard, on the 102. The 102 river was just about on a standstill at Arkoe and also at Barnard.

The Nodaway river is entirely within its banks again, and the 102 and Platte are nearly down within the banks. Some lowlands are still covered, but not enough to do material harm.

## A WOMAN ON THE POLICE FORCE.

One Can Be Appointed Now for Maryville—Federated Club to Request One.

Under a law which became effective March 23, 1915, a woman may now be appointed as a member of the police force of all cities in this state now containing or that shall hereafter contain 5,000 inhabitants or more, the city council and mayor having the power of appointment and to prescribe their duties and provide for their compensation. Probably some action for a woman on the police force of Maryville will be taken some time soon by the Federation of Women's clubs.

## ARRANGE CONCERT PROGRAM.

Fourth Regiment Band Will Give Weekly Musicals Tomorrow Night.

The program for the weekly concert to be given on the court house lawn tomorrow night by the Fourth Regiment band was announced today by T. B. Maulding, chief musician. It is: March, "Light Guards," Gibson Overture, "Bohemian Girl," Balfe. Medley Two-Step, "I'm Going Back to the Farm," Berlin.

Medley Overture, "Town Talk," by O'Hare.

Egyptian Intermezzo, "Maid of the Nile," Hein.

Novelty One-Step, "Colonial Rag," Ball.

"Humoresque," Dvorak.

Trot, "Panama Exposition," Pierson.

## SELL JUNCTION STORE.

Sewell & Carter Trade Burlington Hardware Shop for Farm in Carroll County.

Sewell & Carter, with stores in Maryville and Burlington Junction, have traded their store at the Junction to J. H. Castle of Chillicothe for 240 acres of land located in Carroll county. The stock of goods, consisting of automobiles, hardware, implements and buggies, is being invoiced this week. Mr. Castle will take possession as soon as the invoice is completed. The store at Burlington Junction will probably invoice at \$20,000.

The firm of Sewell & Carter has been in business at Burlington Junction for a number of years. A few years ago it opened a store in Maryville.

Mrs. Dr. Thacher and son, Lloyd, and Mrs. Murphy and son of Oregon, Mo., were guests today of Mr. and Mrs. A. T. Clark at the Linville hotel.

## LOCALS WIN 5 TO 1

MARYVILLE BALL TEAM GOT RUNS IN ONE INNING.

## MAITLAND TOO WEAK

Holt County Players Couldn't Hit Nor Play as Well—Play Shenandoah Here Tomorrow.

The Maryville week-day base ball team won from the Maitland team easily at the Normal grounds yesterday afternoon before 300 fans. The score was 5 to 1. Maryville made all its runs in the fourth inning, while Maitland made its lone run in the seventh.

Maitland has a fairly good team and a creditable pitcher, but virtually all players were weak in batting, or else Wakeman was too much for them. Maitland defeated Skidmore recently 14 to 5, and were defeated by the strong Barnard team by only two scores, the finals being 12 to 10 in Barnard's favor.

The Maryville team has scheduled a game with the Shenandoah Red Sox on the Normal athletic field here tomorrow afternoon, beginning promptly at 4 o'clock. It is the team which held the Maryville Federals down to a 3 to 3 score here last Sunday, and which led in the game until the ninth inning. Shenandoah has played fourteen games this season, winning twelve and tying the other two.

### to Be Same Lineup.

It is considered one of the fastest teams in southern Iowa, and one which has lost no games this season and very few last season. Virtually the same men that played here last Sunday will play the week-day team here tomorrow.

The lineup for Maryville will probably be: Palfreyman, ss; Vaughn, 2b; Moore, rf; Adams, cf; Wray, 1b; Keeler, 3b; Vandersloot, lf; Wakeman, p. The Shenandoah lineup will probably be: Thompson, cf; Crawford, ss; Nesmith, p; Stanger, c; Mitchell, 3b; Knight, 2b; McKee, lf; Miller, rf; Alumbaugh, 1b.

Maryville made two of its whole nest of runs with none down yesterday. It started when Moore got a single, went to second on a wild pitch and home on a single by Adams. Adams in turn went to second on his single, to third on an error and home on a single by Keeler.

### They All Went Around.

Wray, the third man up, got on first by an error but went out at second.

Keeler followed with a fielder's choice, which left him safely on first, went to second on a fielder's choice by Hagey, to third on a base on balls, and home on a two-bagger by Palfreyman, whose hit brought in Hagey and Wakeman, too.

Maitland got its one run when B. Caywood got a single, went to second on a wild pitch and home on the two-bagger by Walker. Walker died at second. The score:

	AB.	R.	H.	O.	A.	E.
Phillips, 1b.	4	0	0	5	0	0
Pruitt, ss.	4	0	0	1	1	1

## SCHOOL HEADS CONFER HERE

County Superintendents Gather at Normal Today to Learn Work of State Institution.

A conference of county school superintendents of northwest Missouri began at 2 o'clock this afternoon at the State Normal school here. The purpose of the conference is that the county school heads may get better acquainted with the work of the Normal, to learn the value of such training to teachers of public schools and to get better posted generally with the school work as it is carried on here.

The meeting was called by President Ira Richardson a few days ago, because of so many of the county superintendents of the Normal district being new on the job, several being elected last fall. A similar conference was held here two years ago. The meetings are informal and no set program is outlined.

While here they also will attend one or more lectures being given twice daily this week by Dr. G. D. Strayer of the Teachers' college of New York. The first was given yesterday afternoon to the Normal students.

### These Are Attending.

The county superintendents who had arrived in the city at 11 o'clock this morning were:

J. M. Gallatin, Livingston county; Miss Hallie Burton, Daviess county; Mrs. Cora Early, Worth county; Miss Gertrude Thompson, Atchison county; W. B. Keeterson, Mercer county; Mrs. Alberta Murphy, Holt county; Bert Cooper, Nodaway county; Miss Annie Simms, Clinton county.

## COUNCIL MEETS TONIGHT TOO

Paving Bidder Granted Time to Look Up Legal Status of City Contracts.

On account of more time being desired by C. C. Young of St. Joseph in which to look up legal phases of the city paving specifications and contracts, the city council met and immediately adjourned last night until tonight, when a formal paving contract will probably be awarded to Young Brothers Construction company for \$35,851.25.

Mr. Young has engaged G. R. Ellison to go through the city proceedings relative to the paving propositions, in full, and to determine definitely if all is in accordance to state laws.

## SELLS STEERS FOR \$9.

E. G. Bennett, Skidmore, Gets Good Prices for 18 Steers in St. Joseph.

E. G. Bennett of near Skidmore sold eighteen steers, averaging a weight of 1,431 pounds, for \$9 a hundred weight in St. Joseph yesterday, according to the St. Joseph Stock Yards Journal.

The following other Nodaway stockmen marketed stock in St. Joseph yesterday: J. Bray, J. B. Horton, B. F. Dougan, D. D. Henderson, J. Owens, G. Bennett, E. A. Montgomery, Halker & Co., C. M. Pone, G. H. Swaney, M. A. Sherlock, J. B. Nunneley and James Blagg.

## ACCOMPANIST WILL NOT COME.

Kansas City Pianist Cannot Take Part in Methodist Recital Tomorrow.

Olin Cox of Kansas City, who was to be accompanist to his brother, Ernest L. Cox, in the recital at the First Methodist church tomorrow night, will not come, according to word received today by the Rev. G. S. Cox, pastor, a brother.

Some local pianist will be engaged instead. The recital is free. It will begin at 8 o'clock.

### Miss Godsey a Delegate.

Miss Olive Godsey was chosen at a special meeting of the Christian Endeavor society of the First Christian church a delegate to the district convention at Cameron, June 25, 26 and 27. John Ross, also a delegate, cannot go, so Ray McPherron will go instead.

Mrs. Frank Hull and children of Tarkio are visiting at the home of Mr. Hull's parents, Mr. and Mrs. John Hull.

Beautiful Chorus, New Songs, New Dances  
All Mirth and Music.

Prices - - - 35 and 50c

## RUSS TO EVACUATE

SLAYS ARE MOVING OUT OF LEMBERG BEFORE GERMANS.

## TO AVOID SACRIFICES

Czar Claims Efforts to Resist Austro-Germans Would Be Fruitless—Tentons Try to Take Tarnow.

Petrograd, June 23.—With the Russians opposing the Austro-Germans six miles from Lemberg, according to the most recent information reaching Petrograd, it is considered that the evacuation of the Galician capital can not now be avoided without a sacrifice of men out of proportion to the strategic importance of the place.

The evacuation of Lemberg as a base already has been accomplished in good order. The hospitals and the government institutions have been removed.

The Russian positions before the city, consisting of a comprehensive system of trenches and entanglements, are well calculated to make the victory of the German allies costly. The positions, however, are not regarded by Russian military observers as impregnable on account of the absence of any elevations commanding the district from which it would be possible to employ artillery effectively.

To the north the Austro-Germans are reaching positions evacuated by them in September on the roads to Kawa Ruska and Tomaszow, seemingly intent upon capturing Tarnow, the railroad junction which controls communication between Lemberg and Russia.

The Russians, according to reports reaching Petrograd, are successfully holding the Austro-Germans along the Dniester river.

## TO CORNERSTONE LAYING.

Senator Anderson Craig to Capitol Ceremonies—Loan Bill Conference Today.

Senator Anderson Craig left yesterday for Jefferson City to attend the ceremonies of laying the cornerstone for Missouri's new capitol building tomorrow. He also will attend a conference relative to getting the Gardner land bank bill before the voters of the state in November, 1916, to be held today.

He is delegate from this county. Senator Craig is a firm believer in the efficiency of the bill and of its ability to assure cheaper farm loans in the state.

The cornerstone laying at Jefferson City tomorrow will be largely in charge of the Masons. A holiday has been declared in that city for that day. The governor and his staff and National Guard companies will be present.

## BANKERS WIN LAWSUIT.

Mrs. Mary Livasy Loses Case Against First National and Joseph Jackson, Jr.

The case of Mrs. Mary Livasy against Joseph Jackson, Jr., and the First National bank, which was tried in the Andrew county circuit court in June on a change of venue from this county, has been decided in favor of Jackson and the bank. The decision was announced yesterday by Judge Burnes, who heard the case. Cook, Cummins & Dawson represented the bank.

It was a suit to set aside a note and trust deed executed by Mrs. Livasy to the bank to reimburse them for the amount of money lost by reason of forgeries committed by her son, Ross Livasy. Mrs. Livasy claimed misrepresentation.

### Sold Four Buicks.

George McMurry, agent for the Buick car, has sold four cars within the past few days to Cline and Felix, who bought two light six roadsters; J. F. Cook, who purchased a light six touring car, and Nick Myers, a "25" touring car.

Mr. and Mrs. George Miller of Tecumseh, Neb., are visiting Mrs. Miller's sister, Mrs. Irvin Bartram, and family.

## BEGINS LECTURES TO TUTORS

Dr. G. D. Strayer Tells Normal Students Principal Criteria for Teachers.

Dr. G. D. Strayer of Columbia university, New York City, delivered the first of a series of eight lectures before the students and faculty of the Normal school yesterday afternoon in the auditorium.

This lecture was of the nature of a basis for the succeeding lectures. Dr. Strayer submitted three criteria by which the teacher is to be judged. First, the ideal of service. Not selfish gain, but social good must be the teacher's ruling motive, he said. Second, the scientific attitude of the mind toward all the problems that arise in that the teacher must be a follower of the truth as he sees it. Third, ability to co-operate in that the teacher must not only work for others, but he must work with others.

These qualities of the teacher must be exemplified in the school, and in the lives of the pupils that go out from the school to become social units in the great social mass, Dr. Strayer said.

The succeeding lectures will be sequential to these three criteria, and will deal concretely with the problems of the teacher and the school. The morning lectures begin at 9 o'clock, and the afternoon lectures at 3:30 o'clock.

## THE COBURN PLAYERS

In "A Midsummer Night's Dream" at the Normal Next Tuesday Evening.

It was in response to repeated requests from a large number of students of the drama who have felt that Shakespeare's fairy play "In a wood near Athens" would lend itself with peculiar fittingness to the methods of the Coburn Players that Mr. Coburn added "A Midsummer Night's Dream" to his repertoire for this spring and summer. He has only delayed so long because he wished to prepare a wholly adequate production—one that would do justice to the play. The play will be presented here on Tuesday evening at the Normal.

During last winter he completed the preparation of an acting manuscript, on which he had long been working, in which the fairy scenes which lend to this play a great deal of its special distinction are elaborated to suit their intended prominent part in the play. Also, the comedy element, which in no other play, even of Shakespeare, is more delightfully diverting, is given its proper emphasis.

Commentators on Shakespeare, disagreeing on many things, have been nearly unanimous in their opinion that "A Midsummer Night's Dream" is impossible in the theater. Its whole atmosphere is so out of doors, so purely sylvan, say they, that not even the cleverest of scene painters, be he of the old conservative school or of the later impressionistic band, can simulate it to any very gratifying degree. And this play, of all others, depends most greatly upon that atmosphere.

It is for this very reason that the production of the Coburn Players approaches more nearly to the ideal than even the latest and most bizarre presentations that have aroused so much new interest in "The Dream" in New York. An outdoor performance is far from being a makeshift for one in a theater—it is something distinctive and especially in the case where the play is such as this, infinitely superior in charm and artistic effect to anything possible within the bounds of the "four walls and a ceiling of the playhouse."

### Sold Four Buicks.

George McMurry, agent for the Buick car, has sold four cars within the past few days to Cline and Felix, who bought two light six roadsters; J. F. Cook, who purchased a light six touring car, and Nick Myers, a "25" touring car.

## BARNARD PICNICS

AUGUST 5, 6 AND 7

MODERN WOODMEN ARRANGE 3 DAYS FROLIC THERE.

## PLAN BASEBALL AND SPEAKING EACH DAY

Lodge Team May Play Maryville Once—To Be Held West of River—Is Annual Stunt.

A three days' picnic and frog-for-all fun making time has been arranged again for this summer at Barnard.

The frolic will be on August 5, 6 and 7, and the place will be on the old grounds across the 102 river, west of town.

It was only definitely decided Monday by the Woodmen to hold the picnic, but plans are already well under way for the entertainments. There will be a base ball game each day between the Modern Woodmen team and other teams from over the county, possibly the Maryville team for one day.

The Woodmen also will hold competitive drills, and plan speaking for each day of the picnic besides various amusements and attractions, now being arranged. The whole town went together last year to hold the picnic.

## ROBS HOUSE IN DAYLIGHT

Mrs. C. R. Harman, Pickering, Hood in Garden While Youth Took \$3 in Dwelling.

The home of C. R. Harman of Pickering was entered and a pocket book containing \$3 in change was taken from a dresser in one of the bed rooms yesterday afternoon while Mrs. Harman was hoeing in the garden at the rear of the house. Nothing else was found disturbed. No one is known to have seen anyone entering or leaving the place. It is believed some small boy did the trick.

Chief of Police E. C. Moberly was called to Pickering about midnight last night to set his bloodhounds on the trail. He did so and the hounds followed a trail several miles. No arrest has been made.

## WHITE CLOUD TO CELEBRATE.

Rural Community Plans Observance, July 3, of Independence Day.

The White Cloud school and church patrons southwest of Maryville are planning an Independence day celebration and social Saturday, July 3, on the church lawn. The women of the church will serve ice cream and lemonade and cake. Several speakers, perhaps of Maryville, will be engaged for the day's celebration. Additional entertainment for the day is being arranged.

## BAND UNIFORMS ARRIVE.

Fourth Regiment Receives "Work" Clothes—Dress "Duds" Expected Soon.

The new olive drab uniforms for the Fourth Regiment band arrived here yesterday. The blue dress uniforms and lockers for each member are expected to be here soon.

The new suits will not be worn to the concert tomorrow night, but the dress uniforms will probably be worn each time, after their arrival. T. B. Maulding, chief musician, announces. The band membership now numbers twenty-eight, each receiving a new suit in yesterday's shipment.

## THE WEATHER

Partly cloudy and probably showers tonight or Thursday; warmer tonight.

### A NATIONAL CREED.

The Chicago Herald suggests the following as a National Creed by which the men, women and children of America may affirm their Americanism:

"I believe in the United States, one and indivisible; in her mission as the champion of humanity—as the friend of wear and distressed; in the singleness, dignity and inviolability of American citizenship; in the validity of our national traditions; in peace with honor; in friendship with all nations that respect our rights; in entangling alliances with none; in reasonable preparations for national defense by sea and land; in shirking no sacrifice needed to hand down to the future the priceless treasures bequeathed to us by the past; in the necessity of keeping the western hemisphere free from the intrusions of European institutions and ambitions; in the capacity of free men for self-government; in the love of home and country and in the unflinching resolution that government of the people, for the people by the people shall not perish from the earth."

### WHO PAYS?

Who pays the tariff? says the Chicago Journal.

There used to be a pleasant delusion

that the "foreigner paid," the idea being, apparently, that European manufacturers loved us so much that they would pay from 50 to 150 per cent duties on their goods out of their own pockets, and never dream of adding the sum so paid to the final selling price. By way of commentary on that notion—not so popular now as it used to be—the Journal presents the following true story:

Down in Ohio there is an automobile firm which is trying hard to get a good Canadian trade. With good roads, vast distances and a prosperous people, Canada offers a splendid market for autos. Here, if anywhere, the foreigner ought to pay the tariff tax which Canadian legislators have placed on motor cars. Does the Ohio firm do it?

Not quite. It advertises thus: Touring car, United States price, \$ 750  
Touring car, Canadian price,.... 1,050  
The Canadian duty on automobiles is 42½ per cent. Forty-two and one-half per cent on the retail American price would come to \$318.75, whereas the actual excess the Canadian customer pays for this Ohio car is only \$300. The extra \$18.75 probably comes out of the Canadian agent's commission.

Does the foreigner pay? He does not, and here is one firm honest enough to say so. The consumer pays, first, last and all the time. On automobiles, soap, blankets, matches, window glass or soothing syrup, the consumer pays.

### Leave for Craig.

Mr. and Mrs. Frank Waits and daughters, Mary Lee and Pauline, of Lake View, Ia., who have been visiting Mr. and Mrs. Ed Costello, left Tuesday afternoon for Craig, where they will visit relatives.

### To Visit at Bolekow.

Mrs. C. A. McCoppin, 422 West Thompson street, and her mother, Mrs. J. W. Houghtaling, left this morning for Bolekow to visit until Thursday noon with friends and relatives.

Hawaii has set aside 690,000 acres of forest reserves and will experiment with planting eucalyptus for firewood.

### Home from Indiana.

Mrs. Frank Barmann returned Tuesday morning from a visit at Fort Wayne, Ind., with her daughter, Mrs. Edgar Schoider.

### To Visit Niece.

Mrs. Kate Roberts of Platte City arrived Wednesday noon for a visit with her niece, Mrs. Anna Todd, and other relatives.

### Expert Advice to Automobile Owners.

Why do I have difficulty in starting on my magnet in damp weather? The difficulty you have in starting in wet weather is probably due to moisture short circuiting some of the wires. Inspect the wires carefully for any points that might be affected by moisture and see that all the insulation is in good condition.

How will I burn the carbon out of the cylinders of my engine with oxygen-acetylene flames?

An oxygen-acetylene flame is never used for burning carbon out of cylinders. Acetylene is of no use for this purpose, but by employing oxygen alone a very satisfactory job can be done. The oxygen is used because it supports combustion five times as readily as air does, and therefore, once the carbon is ignited, it will burn rapidly, although it will not burn at all in air. In cleaning carbon from the cylinders in this manner the first thing to do is to remove the valve caps; then the cylinder is filled with oxygen. A small piece of burning waste is then dropped into the cylinder, and combustion immediately begins in a very vigorous manner. In fact, sometimes the carbon is consumed so rapidly that sparks will fly out of the valve openings, and for this reason it may be advisable to cover the front part of the car with damp cloths to catch these sparks. From this it must not be thought that there is any danger of setting the car afire, because the continued use of oxygen has demonstrated that there is no possibility of this occurring. If damp cloths are not used the most that will happen is a slight marring of the varnish by the sparks. The oxygen is supplied from a tank in which it is stored under very high pressure, and, as the pressure at the delivery nozzle of the outfit must be small, a reducing valve must be used to bring the pressure down to a reasonable amount. Therefore between the tank and the tube that carries the gas to the cylinders there is a reducing valve that automatically lowers the pressure. A gauge is generally fitted to the tank to indicate how much gas there is in it, because as the quantity becomes smaller the pressure drops.

### MAKES VALUABLE INVENTION

Roy Gearhart, Inventor of Trolley Car Retriever, J. A. Ford and Chicagoan May Get \$20,000.

An invention by Roy Gearhart of this city, which has been patented, promises to be a good thing, financially, for the inventor and the men interested in it with Mr. Gearhart. The Moore-Jones Brass and Metal company of St. Louis, the biggest concern of its kind in the United States, has agreed to manufacture and place the patent on the market. A contract of this kind will probably be signed within the next week or so. This company agrees to pay 10 per cent royalty.

The invention is what is known as the trolley car retriever, and a number of inventors have been working for the last thirty years to perfect one, according to officers of the Moore-Jones company. They say it will be a big success, and to show their faith in the new patent they are going to spend \$100,000 within the next six months to advertise and promote it.

Mr. Gearhart has been at the plant of the company for the past few weeks overseeing the making of a working model.

Jim Andy Ford of this city and J. H. Fox of Chicago are interested with Mr. Gearhart in the patent. Messrs. Ford and Gearhart will probably go to St. Louis next week when the contract will be signed. The company says that it will probably amount to \$20,000 or more for the three men.

### Parnell Society Meets.

The Young People's Sodality of Parnell met at the residence of Edward Klaas last night.

### Visiting in Maitland.

Mr. and Mrs. J. Lieber Holmes have gone to Maitland to visit Mrs. Holmes' mother, Mrs. Nancy Maxwell.

### HE LAUDS ROAD WORK HERE

State Engineer Says Maryville Improve Highways All Time Scientifically—How Others Do.

In a letter being sent out to all commercial clubs of Missouri, Frank W. Buffum of Jefferson City, state highway engineer, pays a high compliment to the manner in which the Commercial club here recently undertook to keep repaired all roads within two miles of Maryville, with \$1,500 subscribed by business men of the city. He also tells how other towns are doing road work. He says in part:

In traveling over the state I notice a good many different plans that are used in different communities for the benefit of the "communities." Now, you notice I don't say "cities" or "towns," because now we have passed the point of speaking of "city limits," and it should be thoroughly understood that all people who live within a certain radius are jointly interested with each other in the welfare of each and every other person living therein. How to bring about these results has been studied out by different parties in the state, and it is the object of this letter to call your attention to some things that are being done that can be established in your community if you desire to do so.

For instance, at Macon they have a live commercial club, and when they have a meeting the parties who have automobiles go out and bring in the farmers who have no machines so they will be at the meeting.

In Mound City, which is a very live town and a growing one, and will grow more because they had enough nerve to put up a \$50,000 fireproof school house building, a credit to any large city, they have what they call a "community club, and it reaches out for its membership in all directions, and the merchants in that live place have come to the point that they buy their supplies in car load lots, getting benefit of car prices and avoid high local freights, and distribute same in their community, as a consequence, at a low price.

In the county of Howell, at West Plains, the county seat, they have a dragging day in which they drag out to the limit of the county and give a big supper at some school house, where the farmer and the merchant meet jointly with their families.

At Maitland, Holt county, the other day the merchants all gave a certain fund and asked everybody to drag their road from their home into town. Do not know whether they gave them a dinner or not, but it would not have been a bad plan to have done so, and probably next time they will, if they did not do it this time. They had over 160 drags.

On my desk is a photograph sent in from Blythedale, Harrison county, showing 112 horses and 44 men who have brought their drag into the small inland town.

Ridgeway, Harrison county, also had a road dragging day and a very large number of drags.

In Shelbyna every person coming outside of the limits of the city is given tickets on Saturday afternoons to the picture shows. Get your people to town and they will buy your goods, and build up your place. If you have bad roads they read mail order cata-

## Royal Society Cordechet

**Only 10c  
Per Ball**

A new thread for crocheting--tatting--made in white, ecru and all colors. Made in all sizes from 5 to 100.

Fast colors in sizes 30, 50 and 70.

**Haines**  
The Store That Quality Built

logs, when your merchants could secure the business if opportunity presented to do so, at fully as low a price, all things considered.

Now, our department is trying to get highways all across the state in every direction; trying to take care of every county and have the roads continuously and uniformly good. We are using our department to assist in organizing and building roads down

from the Iowa line through the Ozarks to the Arkansas line, in places where it was not thought possible. We are trying to get some north and south and east and west highways of rock or gravel. What we want your club to do is not to let this "good road" spirit die down. Keep it moving. Have school house meetings.

Of course, we generally have a reasonably dry June. If it had been such

this year, all the corn would have been in and been clean of weeds, and especially in the northern two-thirds of the state, the harvest would not have started, and the "good roads" days could have been carried on with better results, but should be, in those counties where road work could not be done by reason of weather, made a later date according to your different locations.

## Specials

**for  
Thursday, Friday  
and Saturday**

### Kimonos

One lawn kimono size 38, value \$3.00 for \$1.00.  
12 lawn and crepe kimonos, value \$1.50, choice each 50c.

THE FAMILY SHOE STORE

## IN THE Booster Club Campaign

We shall give the following prizes to Boosters and customers:

A PARLOR GRAND PIANO, WHICH IS THE CAPITAL PREMIUM.

Two 42-piece dinner sets.

Three Elgin Gold Watches.

198 Pieces of Simeon L. & Geo. H. Rogers Table Silverware.

One Gold Ring to the winner of the Baby Show.

The capital premium is for the Best Booster.

The dinner sets are for ANYBODY.

The table silverware is for the Patrons' Clubs. (Join one).

One Elgin gold watch is open to everybody.

The other Elgin gold watches are for Boosters.

**BEGINNING FRIDAY OF THIS WEEK** we are going to give Booster Coupons with every cash purchase made at or through our store. A 5-cent purchase will secure five coupons, a 10-cent purchase, ten coupons, etc. Coupons will be given at the same rate for the settlement of accounts. The Capital Prize will be given to the Booster who, at the close of the Booster Club Campaign, has had the most coupons deposited to his or her credit, in the ballot box at our store.

Each Booster will have a Patron Club of ten members, and each week the different Patron Clubs will compete for prizes of Simeon L. & Geo. H. Rogers table silverware.

There will be lots of fun and excitement. But better than this will be the correspondence course for each Booster, a course that will not only direct the work, but give a training in practical salesmanship and business relations that will be of great value in after life.

**EACH WEDNESDAY** there will be a sale on some special article, on which we shall give extra coupons. This article will be changed from week to week. **WATCH FOR THE WEDNESDAY SPECIALS.**

During the closing week of each special feature of the Booster Club campaign there will be a big bunch of coupon bargains, when extra coupons will be given on all cash purchases. These weeks will come at four-week intervals. Watch for them, and make heavy purchases then.

We will give 100,000 Booster Coupons to the couple who will be married in our store. This must be told us in advance, that we may invite your friends.

**NEXT WEEK THE "BIG BOOSTER"** will be here. Come to our store and see him; find out all about the BOOSTER CLUB and then join. There is no initiation fee, and no dues. This is an opportunity that may never come your way again.

We want a thousand or more persons to become active helpers for the members of our Booster Club. In order that you may help your favorite, we shall give Booster Coupons free to each person, over ten years old, who comes to our store on **SATURDAY, JULY 10th**, and registers in a book provided for that purpose.

### To Speak on "Revelations."

The Rev. G. S. Cox, pastor of the First Methodist church, will speak on "The Real Value of the Book of Revelations" in the prayer meeting services tonight. Miss Nellie Wray will sing "I Hath Not Seen," from "The Holy City."

### Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like **Rexall** Orderlies—a mild laxative that tastes like sugar. Sold only by us, 10 cents. **Greear-Henry Drug Co.**

### Expert Advice to Automobile Owners.

What increase in power can I expect by using ether in gasoline and in what proportion is it used to gain the best of results?

The use of ether in fuel will give a slight increase in power, due to the more rapid propagation of the flame. One-half pint of ether for each ten gallons of gasoline is used for this purpose, but it is not recommended, as it is not economical. For getting easier starting a mixture of one-half commercial ether and one-half gasoline is carried in an oil can. This can be squirted into each priming cup for the initial explosions. The can must have a cover on the spout.

### How will incorrect wiring affect my motor?

The effect of incorrect wiring on the motor depends on how the wires are misplaced. For instance, if the high tension cables were changed around so that no one of them went to the right plug it would be impossible to run the motor, although an occasional explosion might be obtained. If two or three of the high tension wires were interchanged, but one or more were left on the correct plugs, then the motor would run on the cylinders in which the latter were. Where a dual system is employed the wires of the battery system may sometimes be misplaced without interfering with the operation of the magneto and vice versa. As a rule, however, the changing of the wires will result in the whole ignition system becoming inoperative.

### Has a long stroke motor any advantages over a short stroke motor?

Yes. The gas after ignition has greater chance to give up its energy to the piston. A greater volume of gas may be gotten into the cylinder without increasing the bore. This means more power for the same piston speed.

### How can I take up the end play in a crank shaft without putting in new bearings?

It is best to replace the bearings when end play develops, but if this is not desirable the play can be removed by moving the thrust bearing to one side enough to compensate for the wear. The thrust is taken by the center main bearing, which is easily distinguished by having large flanges on each side. Remove the bolts holding the bearing to the crank case and file out the bolt holes enough to permit the bearing to be shifted. Then replace the bearing and tighten the bolts carefully.

### How will running with retarded spark make the water boil in the radiator?

Operating a motor with retarded spark will cause overheating by retarding and prolonging the combustion of the charge throughout the power of expansion stroke. Thus the cylinder walls are exposed to the action of the burning gases during the whole of the stroke instead of only during the time the piston is in the region of upper dead center, as is the case when the spark is properly set. If the spark is advanced to the point of most efficient operation the spark will occur some time before dead center and maximum pressure will be reached and the combustion nearly completed just after dead center has been passed. During this time, since the piston is near the top of the stroke, the amount of surface exposed to the exhaust gases is a minimum, and, furthermore, at this point in the stroke the compression is at its height, and combustion takes place with greatest rapidity. Contrast these conditions with what happens when the spark is greatly retarded. Let us assume that ignition occurs when the piston has half completed its stroke. At this point the compression is lower, and combustion is therefore slower and will probably not be completed until after the exhaust valve opens. The hot gases are in contact with nearly the whole of the cylinder wall surface for practically one-half revolution.

But this is not all. When the spark is retarded, as in the instance just mentioned, the motor does not develop full power, therefore for a given load on the motor the throttle must be opened wider and more gasoline and air must be supplied. The extra heat generated by the combustion of the increased amount of fuel thus adds its share to the already overheated motor.

### My car is equipped with electric lights and would like to know if dry batteries would work the head and tail lights. If so, how many and about how many hours would they last?

Dry batteries are not suited for lighting the head and tail lights. This method would be entirely too expensive, as the number of batteries you would require would be great and their life short. Take your storage battery to a battery repair man that you are certain is an expert—if possible take it to a service station maintained by the maker of your battery—and have it examined. It may be that all it needs is an overhauling to make it as good as new. But even if you must buy a new battery it is better to do this than try to use dry cells.

### Twentieth Century Club Meeting.

There will be a meeting of the Twentieth Century club at the Elks club tomorrow afternoon at 3 o'clock.

### Meeting at 7:45 o'clock.

The Rebekah lodge will meet tomorrow evening at 7:45 o'clock in the I. O. O. F. hall.

### Ladies' Aid Meets.

The Ladies' Aid society of the First Methodist church will meet in the choir room of the church at 2:30 o'clock tomorrow afternoon.

### Meeting of M. I. Circle.

The M. I. Circle will meet Thursday afternoon at 4 o'clock at the Price-McNeal rest rooms.

### Dinner Party.

Mr. and Mrs. A. T. Clark entertained at 6 o'clock dinner at Hotel Linville Monday evening Mr. and Mrs. M. Nussbaum and daughter, Mrs. A. Swike, and son of Plattsburg.

### Have Picnic.

The "Haines Bunch," employees of the Haines store, held an outing and picnic northeast of town last evening. They spent several hours in fishing and in practice with a target rifle. A lunch was served.

This is one of several outings that the Haines bunch has planned for the near future. Mr. Harvey Haines was the host.

### Entertains Club.

Mrs. S. G. Gillam was hostess Monday afternoon to the "Over the Tea Cup" club. The members of the club include Mrs. James B. Robinson, Mrs. G. L. Wilfley, Mrs. Charles Jackson, Mrs. W. A. Rickenbrode, Mrs. J. F. Colby, Mrs. G. H. Colbert, Mrs. Charles Bellows, Mrs. C. T. Bell, Mrs. O. C. Hanna, Mrs. C. C. Corwin, Mrs. M. G. Tate, and the hostess, Mrs. H. A. Foster was a club guest Monday.

### CHANDLER WAS BEST SHOT.

Local Marksman Gets 24 of 25 and 64 of 60 in Tri-Club Shoot.

The tri-club gun shoot held on the grounds near Skidmore yesterday afternoon between members of the Maryville, Skidmore and Maitland Gun clubs brought out some fairly creditable scores. Ben Chandler made the highest scores for the Maryville club. He broke 24 out of 25 and 46 out of 50 clay pigeons.

Several other local shooters also made some fairly good scores.

### PROMISE FAIR WEATHER.

Government Bureau Forecasts Showers—Will Appear Saturday, However, Here.

Weather predictions for the week beginning today at Washington, issued by the weather bureau are: Showers are probable about Saturday and again on Sunday. Temperatures close to seasonal average.

### MARTIN TO RUN.

Former Maryville Attorney Will Be a Candidate for Representative in Congress.

B. Raleigh Martin of St. Joseph, formerly of Maryville, will be a candidate for the Democratic nomination for representative in congress at the primary election next year. Martin was a candidate some three years ago and lost to Congressman Charles F. Booher.

### On Their Way to Frisco.

A party from New York City was in Maryville today in their car, an Alco, on their way to San Francisco. They were J. C. Penney and family.

**IT MEANS AN EXTRA TAX.**  
Both Maryville Base Ball Team Managements Must Pay U. S. War Levy.

In advice to The Democrat-Forum, Wiley O. Cox, Jr., deputy internal revenue collector, of St. Joseph, explains that both base ball team managements of Maryville must pay a war tax. He says in part:

"I find base ball teams, where an admission fee is charged, are considered as 'public exhibitions,' and as such are taxed at the rate of \$10 per annum.

"With the government, the fiscal year ends June 30, and begins July 1st. Any base ball team, starting operations as above, in June, is taxable for 84 cents for the remainder of the year 1914. If starting operations, as above, in the month of May, then \$3 taxes due for the two months in 1914 (tax \$1.66 2-3 and 50 per cent penalty, \$1.23 1-3). The 50 per cent penalty is incurred by failure to make application to the collector of internal revenue within the month in which opera-

### Death of Mrs. Schaub.

Mrs. H. J. Schaub, aged 42 years, a former resident of Maryville, died Saturday at a hospital in Atchison, Kan. Funeral services were conducted yesterday in Atchison. Mrs. Schaub is survived by her husband and six children, Lee, Mabel, Charles, Bessie, George and Lester.

In New Zealand military training is compulsory on all male citizens between the ages of 12 and 25.

### COST BOY WHIPPER \$19.20.

William Greenelsh, Former Barber Here, Fined for Assault by Conception Jury.

William Greenelsh, formerly a barber of Maryville, now proprietor of a pool hall and barber shop in Conception Junction, was fined \$1 and costs of \$18.20 in justice court there yesterday afternoon for common assault, by a jury. He paid. Prosecuting Attorney W. G. Sawyers went there to assist in the case.

Greenelsh was charged with having whipped Leo Rinter, a minor, there recently because the Rinter boy is said to have quarreled with Greenelsh's boy.

### MAY ADMIT ASSAULT.

Charles Childress Expected to Plead Guilty to Charge of Fighting Boarder.

Charles Childress, arrested Monday on a charge of assault and battery Sunday on Estes Wyatt, a boarder at the Childress house, will probably plead guilty when the case is called to trial late this afternoon, according to present plans.

The trial was to have been held before Justice R. L. McDougal this morning, but because Childress sought time in which to look up the facts of the case better, time was extended.

### DEFER SCHOOL BOARD MEET.

Postpone Election of 3 Teachers on Account of Absence of Members.

The special meeting of the school board planned for last night was deferred because of the absence of L. C. Cook and L. E. Carpenter, members of the board, who were out of the city. A meeting probably will be held tonight, if all are present. It is planned to elect three teachers to take places vacated by previously elected teachers.

About fifteen applications for positions have so far been received.

**Rexall Dyspepsia Tablets**

will relieve your indigestion. Many people in this town have used them and we have yet to hear of a case where they have failed. We know the formula. Sold only by us—25c a box. **Greear-Henry Drug Co.**

### Mrs. White Dead.

Miss Carrie Hopkins received a message Tuesday afternoon telling of the death of Mrs. Walter K. White, which occurred very suddenly Tuesday at her home, south of Fairfax. No funeral arrangements will be made until word is received from California relatives. A sister, Mrs. A. A. Hopkins, and Mr. Hopkins, of Rosendale were in Maryville yesterday afternoon on their way to Fairfax for the funeral services. Mrs. White is survived by her husband, who is well known over this part of the state as a breeder of fine stock.

Germany has 39,000 miles of railroad. Spain has only 9,377 miles.

## MANY KILLED BY CALIFORNIA QUAKE

Several Victims Are Reported at  
Calexico and El Centro.

San Francisco, June 23.—Advice received from El Centro, Cal., by a distance telephone stated that between ten and fifteen persons were killed by falling walls, caused by an earthquake. The report said two large fires, which had threatened the town were under control, but lesser conflagrations still were burning.

Several deaths are reported at Calexico, a town on the Mexican bound-ary line, as a result of the earthquake. Fires are said to have started in several places. The extent of the damage is unknown. The telegraph and telephone wires were put out of com-mission.

Later reports from the Imperial valley state that two distinct shocks were felt at Brawley and as far east as Yuma, Ariz., on the Mexican border.

## BREWSTER LOSES JOB

Says He Was Dropped Because of Ac-tivity in Labor War.

Boulder, Colo., June 23.—Professor James H. Brewster of the law faculty of the University of Colorado, who failed to be reappointed to his position by the board of regents, issued a statement declaring that he had been removed on account of his sym-pathy with the Colorado union coal-miners in their recent strike.

Brewster was one of the attorneys for the strikers before the congres-sional committee which investigated the strike in the spring of 1914.

The statement charges that last De-cember F. M. Ammons, then governor of Colorado, demanded that Brewster be immediately dismissed, but Presi-dent Farrand at that time refused to consent to such action.

Morgan Will Float Big French Loan.  
New York, June 23.—J. P. Morgan & Co. announced that arrangements had been made by them and the Rothschilds of Paris for the flotation in this country of a new French loan, the amount of which it was impossible to state at present, secured by high grade railway bonds lodged with the Morgan firm.

U. S. Cruiser Ordered to Haiti.  
Washington, June 23.—New revolu-tionary activities in Haiti caused the navy department to order Rear Admi-ral Caperton and the cruiser Washing-ton, now at Vera Cruz, over to Cape Haitien with 700 bluejackets and 200 marines. The French cruiser Des-ertes already has landed bluejackets there.

## SUBSEA SPARES SHIP; CARGO GIVEN TO DEEP

Newcastle, England, June 23.—The Norwegian mail steamer Venus ar-rived here minus the larger part of its cargo, which was thrown over-board, the captain asserted, under a threat of a German submarine com-mander that otherwise the Venus would be sunk.

The captain says that the Venus was hailed by the submarine and given the alternative of jettisoning all foodstuffs on board or being sent to the bottom and that in order to save his boat several hundred casks of butter and many cases of salmon and other tinned fish were consigned to the sea. The remainder of the freight on the Venus, consisting of wood, was permitted to remain on board.

This is the first time that a Ger-man submarine boat is reported to have permitted a vessel to escape un-der such terms.

## BARNARD TO PLAY BURLINGTON.

Two Fast County Teams to Meet Again—Junction Won Last Time.

The Modern Woodmen base ball team of Barnard will play the Burlington Junction team at Burlington Junction next Sunday, according to plans made this morning. Each team was arrang-ing for games with other teams, until the games were canceled. Burlington Junction defeated Barnard recently in a ten inning game by a score of 3 to 2.

The Barnard team is scheduled to play the Matland team at Matland, Sunday, July 4. It is the same Matland team which lost to Maryville here yesterday by a score of 1 to 5.

A new Hanamö telephone directory has just been turned out from The Democrat-Forum's job printing de-partment, which will be distributed to subscribers within the next few days. The directory has been corrected up to date and is a handsome directory.

Particular men and women prefer Nyal's Mayflower Talcum. Sold by Koch Pharmacy.

## GREAT BATTLE NEAR ARRAS

French and Germans Fighting With Unheard of Heroism.

Berlin, June 23.—The official an-nouncement from army headquarters reports heavy fighting along the Fescu river, in Alsace, where considerable gains have been claimed recently by the French. The announcement says: "We have transferred our positions to the east bank of the Fescu."

The Overseas News agency gave out the following:  
"Reports from neutral sources de-clare that the battle raging near Ar-ras may decide the fate of France. Both sides fight with unheard of hero-ism. The French are very strong. The Germans are continuously re-cieving reinforcements. The losses of both sides are fearful."

"Reports from Dutch sources state that the French losses are fearful. The hospitals at Amiens and Abbe-ville are overcrowded. The constant arrival of trains with wounded adds to the confusion, and it is impossible to give the usual care to the wounded."

"Soldiers write that from Arras to Souchez (about eight miles) the field is covered with corpses and that the odor is unbearable."

## ITALIANS GAIN GROUND

Invaders Capture Austrian Forts Southeast of Plava.

Geneva, June 23.—The Tribune prints the following dispatch from Lal-bach:  
"The Italians gained ground twelve miles north of Gorizia, while southeast of Plava they captured two forts and several trenches, in which were found two machine guns."

"Along the Isonzo the artillery duel seems to have turned to the advantage of the Italians and the Austrians are beginning to bring up heavy guns from the eastern front."

"A council of war was held at Lal-bach. Archduke Eugene, commander in chief of the Austrian forces operat-ing in Italy is expected to arrive of the Gorizia-Trieste front today."

Terrific Storm Hits Little Rock.  
Little Rock, June 23.—A terrific storm struck this city. The wind at-tained a velocity of seventy miles an hour. Heavy rain accompanied the storm. A negro was killed by a live wire. Heavy damage was done to store windows.

## My Optical Parlor

Has been recently fitted with new furnishings and I am better prepared than ever to make the testing of your eyes a pleasure to you. The very best authorities recommend the system for testing I use. Come in.

## THORNE OPPOSES RATE INCREASE

Hearing Begins Before Inter-state Commerce Commission.

## WRIGHT OPENS ARGUMENT.

Attorney For Northwestern Tells of Financial Condition of Western Roads and Contends Increase on Commodities is Justified.

Washington, June 23.—Representa-tives of the principal western rail-roads began general argument before the interstate commerce commission in support of their applications for in-creased freight rates on grain, live stock, coal and many other commod-ities. Members of state railway com-missions and representatives of ship-pers opposed to the increases were ready to present their side.

The commission first heard argu-ments on the financial condition of the roads by C. C. Wright, attorney for the Northwestern. Faced with in-creased taxes, higher costs of labor and added expenses in many other directions, he contended an increase on some of the more important com-modities is justified and will be under stood and approved by the public.

Clifford Thorne, speaking for six-teen state railway commissions and several shippers' and farmers' organi-zations, spoke against the increase. Mr. Thorne said the railroads based their requests on the theory that the book cost of their properties should be taken as their real value, on which they were entitled to 7 per cent.

"This," said Mr. Thorne, "is but the entering wedge. If these roads are entitled to \$10,000,000 more in revenues today, they will be entitled to \$40,000,000 advance next month in passenger rates and another advance in freight rates next year. If these two doctrines are sound all the rail-roads of the country would be entitled to \$500,000,000 increase every year."

## U. S. MARINES NOT LANDED

Villa General Promises to Protect Americans Within Yaqui Valley.

Guaymas, Mex., June 23.—Fifteen hundred Villa troops, under General Sosa, were promised as protection for foreigners in the Yaqui valley, at a conference aboard the Colorado be-tween Admiral Howard, commanding the Pacific fleet and his staff and Gen-eral Leyva, military commandant at Guaymas. General Leyva said that the landing of American marines might be misinterpreted by the masses of the Mexican people.

Under the awning of the flag ship were gathered Admiral Howard, Gen-eral Leyva, W. J. Phillips, the Amer-ican consul at Guaymas; Captain Ash-ley Robertson, commanding the Colo-rado, and Captain George Williams commanding the cruiser Cleveland.

To the Americans General Leyva promised the same protection for foreign settlers as that which would be afforded Mexicans and said further that in case of imminent danger an adequate guard would escort them to a place of safety.

## Two Philadelphia Firemen Killed.

Philadelphia, June 23.—Two firemen were killed and four others were in-jured here fighting a fire which de-stroyed one of the buildings of Thom-as Potter Sons & Co. oil cloth manu-facturers. The dead are William James, a battalion chief, and John Hillman, a ladder man. An explosion of benzine wrecked the building and caused one wall to topple over on the firemen. Property loss is estimated at \$50,000.

War Hospital Burned in Chihuahua, El Paso, Tex., June 23.—Officials here continued their effort to verify the report of the burning of a mili-tary hospital and from 200 to 300 wounded inmates in Chihuahua.

## GRAIN AND PROVISIONS

# DAILY DEMOCRAT-FORUM

LARGEST CIRCULATION OF ANY DAILY PAPER IN ANY MISSOURI TOWN ITS SIZE.

VOLUME 6.

MARYVILLE, MISSOURI, WEDNESDAY, JUNE 23, 1915

NO. 17.

## CITY COMPELS A SAFE, SANE FOURTH

ORDINANCE RESTRICTS SALE AND USE OF FIREWORKS JULY 4.

## COUNTY TOWNS WILL OBSERVE DAY THOUGH

Clearmont, Burlington Junction and White Cloud Plan Celebrations—No Display Until July 3.

Maryville may not be planning for any formal celebration of the "Fourth of July" or Independence Day this year but the small boy of the city will celebrate it just the same, even if he has to get out of the city limits. There will be nearly the usual display of fireworks by dealers too, though two, who handled the goods last year, say they will not repeat the performance this year.

There will be several celebrations held over the county too. Most of them will be on July 3 as July 4, this year, falls on Sunday. Those who already have announced celebrations for Saturday, July 3, are Clearmont, Burlington Junction and White Cloud.

Monday, July 5, will be the real legal holiday over the country.

The celebration of Independence day this year here, will be extremely tame though on account of the city ordinance prohibiting the sale or use of dangerous fire works.

City Regulates Sale and Use.

The existing ordinance was passed by the city council on June 25, 1913, while Arthur Robey was mayor. It repealed a nearly similar ordinance passed June 11, 1909. This present ordinance prohibits the sale or use within the city limits of Maryville of dynamite caps, fire crackers over three inches long or more than one-fourth of an inch in diameter, or any cap pistol or caps therefore or any toy cannon or any bomb made of dynamite, nitro-glycerine, gun cotton, giant powder or any other explosive.

It also regulates the sale of discharge of fireworks of any description and provides a penalty ranging from \$1 to \$50 for each offense of dealer or purchaser.

No Display or Sale Until July 3.

The ordinance prohibits dealers in such wares, to display fire works of any kind until July 4, or if that day falls on Sunday, as is the case this year, not before Saturday, July 3. This cuts down the sale of such celebration materials considerably local dealers say, as many youths begin celebrating several days before the Fourth of July really arrives.

Only two stores in town will probably offer fireworks for sale this year. Each secured a supply of the goods last Thursday, but they will not be displayed nor offered for sale until Saturday, July 3.

So with all this strict law, the giant crackers will have to go and the "lady" cracker will reign supreme. Of course there will be the usual sparklers, red lemonade, Roman candles or sky rockets to be used, but they will be very tame.

## TO PLAY CLARINDA SUNDAY.

Federals Cancel Games With Stanberry After They Decline to Come.

The Maryville Federals will play the base ball team of Clarinda, Ia., at Federal park here next Sunday afternoon. Manager Cleve Funk announced today. The Federals were to play the Stanberry Red Sox, but the Red Sox have refused to come, so the Federals have in turn canceled the game to have been played there Saturday, July 3.

The Clarinda team is considered a fairly fast team. They were defeated at Hopkins by Hopkins last Sunday, but is said only four of Clarinda's regular players took part in the game. "Tai" Clark manages the team of Clarinda.

## GO TO EPWORTHIAN MEET

Five South Methodists Leave Today for Savannah District Meet.

The Rev. John H. Hubbard and daughter, Miss Iva Hubbard; I. B. Williams, Miss Maud Sheldon and Miss Nina Evans leave this afternoon for Savannah to represent the Buchanan Street Methodist church in the annual conference of the St. Joseph district of the Epworth League, to be held there today, tomorrow and Friday.

Others over the county on the program for the three days convention are the Rev. M. Dewitt, Skidmore; Miss Donna LaMar, Elmo; Miss Rose Campbell, Elmo; Mrs. E. C. Starin, Guilford; Miss Mattie Bishop, Ravenwood. The Ravenwood church orchestra will furnish music during the convention.

## FLOOD DANGER ALL PAST

Nodaway, 102 and Platte Falling Except Lower Part of County—Nearly Off Lowlands.

All danger from flood from the recent rains is past. At noon today the Nodaway, 102 and the Platte river were each receding at all points in Nodaway county except at Guilford, on the Platte, and Arkoe and Barnard, on the 102. The 102 river was just about on a standstill at Arkoe and also at Barnard.

The Nodaway river is entirely within its banks again, and the 102 and Platte are nearly down within the banks. Some lowlands are still covered, but not enough to do material harm.

## A WOMAN ON THE POLICE FORCE.

One Can Be Appointed Now for Maryville—Federated Club to Request One.

Under a law which became effective March 23, 1915, a woman may now be appointed as a member of the police force of all cities in this state now containing or that shall hereafter contain 5,000 inhabitants or more, the city council and mayor having the power of appointment and to prescribe their duties and provide for their compensation. Probably some action for a woman on the police force of Maryville will be taken some time soon by the Federation of Women's clubs.

## ARRANGE CONCERT PROGRAM.

Fourth Regiment Band Will Give Weekly Musicals Tomorrow Night.

The program for the weekly concert to be given on the court house lawn tomorrow night by the Fourth Regiment band was announced today by T. B. Maulding, chief musician. It is: March, "Light Guards," Gibson Overture, "Bohemian Girl," Balfe. Medley Two-Step, "I'm Going Back to the Farm," Berlin. Medley Overture, "Town Talk," by O'Hare. Egyptian Intermezzo, "Mermaid of the Nile," Hein. Novelty One-Step, "Colonial Rag," Ball. "Humoreske," Dvorak. Trot, "Panama Exposition," Pierson.

## SELL JUNCTION STORE.

Sewell & Carter Trade Burlington Hardware Shop for Farm in Carroll County.

Sewell & Carter, with stores in Maryville and Burlington Junction, have traded their store at the Junction to J. H. Castle of Chillicothe for 240 acres of land located in Carroll county. The stock of goods, consisting of automobiles, hardware, implements and buggies, is being invoiced this week. Mr. Castle will take possession as soon as the invoice is completed. The store at Burlington Junction will probably invoice at \$20,000.

The firm of Sewell & Carter has been in business at Burlington Junction for a number of years. A few years ago it opened a store in Maryville.

Mrs. Dr. Thacher and son, Lloyd, and Mrs. Murphy and son of Oregon, Mo., were guests today of Mr. and Mrs. A. T. Clark at the Linville hotel.

## LOCALS WIN 5 TO 1

MARYVILLE BALL TEAM GOT RUNS IN ONE INNING.

## MAITLAND TOO WEAK

Holt County Players Couldn't Hit Nor Play as Well—Play Shenandoah Here Tomorrow.

The Maryville week-day base ball team won from the Maitland team easily at the Normal grounds yesterday afternoon before 300 fans. The score was 5 to 1. Maryville made all its runs in the fourth inning, while Maitland made its lone run in the seventh. Maitland has a fairly good team and a creditable pitcher, but virtually all players were weak in batting, or else Wakeman was too much for them. Maitland defeated Skidmore recently 14 to 5, and were defeated by the strong Barnard team by only two scores, the finals being 12 to 10 in Barnard's favor.

The Maryville team has scheduled a game with the Shenandoah Red Sox on the Normal athletic field here tomorrow afternoon, beginning promptly at 4 o'clock. It is the team which held the Maryville Federals down to a 3 to 3 score here last Sunday, and which led in the game until the ninth inning. Shenandoah has played fourteen games this season, winning twelve and tying the other two.

to Be Same Lineup.

It is considered one of the fastest teams in southern Iowa, and one which has lost no games this season and very few last season. Virtually the same men that played here last Sunday will play the week-day team here tomorrow.

The lineup for Maryville will probably be: Palfreyman, ss; Vaughn, 2b; Moore, rf; Adams, cf; Wray, 1b; Keeler, 3b; Vandersloot, lf; Wakeman, p. The Shenandoah lineup will probably be: Thompson, cf; Crawford, ss; Nesmith, p; Stanger, c; Mitchell, 3b; Knight, 2b; McKee, lf; Miller, rf; Alumbaugh, 1b.

Maryville made two of its whole nest of runs with none down yesterday. It started when Moore got a single, went to second on a wild pitch and home on a single by Adams. Adams in turn went to second on his single, to third on an error and home on a single by Keeler.

They All Went Around.

Wray, the third man up, got on first by an error but went out at second.

Keeler followed with a fielder's choice, which left him safely on first, went to second on a fielder's choice by Hagey, to third on a base on balls, and home on a two-bagger by Palfreyman, whose hit brought in Hagey and Wakeman, too.

Maitland got its one run when B. Caywood got a single, went to second on a wild pitch and home on the two-bagger by Walker. Walker died at second. The score:

Maitland.	AB. R. H. O. A. E.
Phillips, 1b.	4 0 0 5 0 0
Pruitt, ss.	4 0 0 1 1 1
T. Lewis, c.	4 0 0 11 0 0

\*Succeeded Moore in Sixth.

\*\*Succeeded Vandersloot in Sixth.

Summary—Struck out, by Wakeman 6, by Lewis 10. Wild pitches, by Wakeman 2. Two-base hits, by Walker and Palfreyman. First on balls, off Lewis 1. Left on bases, Maitland 4, Maryville 6. Umpire, Keck. Time, 1:30. Attendance, 300.

British Columbia reports the discovery of extensive gypsum deposits.

## SCHOOL HEADS CONFER HERE

County Superintendents Gather at Normal Today to Learn Work of State Institution.

A conference of county school superintendents of northwest Missouri began at 2 o'clock this afternoon at the State Normal school here. The purpose of the conference is that the county school heads may get better acquainted with the work of the Normal, to learn the value of such training to teachers of public schools and to get better posted generally with the school work as it is carried on here.

The meeting was called by President Ira Richardson a few days ago, because of so many of the county superintendents of the Normal district being new on the job, several being elected last fall. A similar conference was held here two years ago. The meetings are informal and no set program is outlined.

While here they also will attend one or more lectures being given twice daily this week by Dr. G. D. Strayer of the Teachers' college of New York. The first was given yesterday afternoon to the Normal students.

These Are Attending.

The county superintendents who had arrived in the city at 11 o'clock this morning were:

J. M. Gallatin, Livingston county; Miss Hallie Burton, Daviess county; Mrs. Cora Early, Worth county; Miss Gertrude Thompson, Atchison county; W. B. Kesterson, Mercer county; Mrs. Alberta Murphy, Holt county; Bert Cooper, Nodaway county; Miss Annie Simms, Clinton county.

## COUNCIL MEETS TONIGHT TOO

Paving Bidder Granted Time to Look Up Legal Status of City Contracts.

On account of more time being desired by C. C. Young of St. Joseph in which to look up legal phases of the city paving specifications and contracts, the city council met and immediately adjourned last night until tonight, when a formal paving contract will probably be awarded to Young Brothers Construction company for \$35,851.25.

Mr. Young has engaged G. R. Ellison to go through the city proceedings relative to the paving propositions, in full, and to determine definitely if all is in accordance to state laws.

## SELLS STEERS FOR \$9.

E. G. Bennett, Skidmore, Gets Good Prices for 18 Steers in St. Joseph.

E. G. Bennett of near Skidmore sold eighteen steers, averaging a weight of 1,431 pounds, for \$9 a hundred weight in St. Joseph yesterday, according to the St. Joseph Stock Yards Journal.

The following other Nodaway stockmen marketed stock in St. Joseph yesterday: J. Bray, J. B. Horton, B. F. Dougan, D. D. Henderson, J. Owens, G. Bennett, E. A. Montgomery, Halter & Co., C. M. Pone, G. H. Swaney, M. A. Sherlock, J. B. Nunneley and James Blagg.

## ACCOMPANIST WILL NOT COME.

Kansas City Pianist Cannot Take Part in Methodist Recital Tomorrow.

Olin Cox of Kansas City, who was to be accompanist to his brother, Ernest L. Cox, in the recital at the First Methodist church tomorrow night, will not come, according to word received today by the Rev. G. S. Cox, pastor, a brother.

Some local pianist will be engaged instead. The recital is free. It will begin at 8 o'clock.

## Miss Godsey a Delegate.

Miss Olive Godsey was chosen at a special meeting of the Christian Endeavor society of the First Christian church a delegate to the district convention at Cameron, June 25, 26 and 27. John Ross, also a delegate, cannot go, so Ray McPherson will go instead.

Mrs. Frank Hull and children of Tarkio are visiting at the home of Mr. Hull's parents, Mr. and Mrs. John Hull.

## Empire Theatre, Wednesday, June 30, 1915

All Mirth and Music.

Prices - - - 35 and 50c

## RUSS TO EVACUATE

SLAVS ARE MOVING OUT OF LEMBERG BEFORE GERMANS.

## TO AVOID SACRIFICES

Czar Claims Efforts to Resist Austro-Germans Would Be Fruitless—Tentons Try to Take Tarnow.

Petrograd, June 23.—With the Russians opposing the Austro-German six miles from Lemberg, according to the most recent information reaching Petrograd, it is considered that the evacuation of the Galician capital can not now be avoided without a sacrifice of men out of proportion to the strategic importance of the place.

The evacuation of Lemberg as a base already has been accomplished in good order. The hospitals and the government institutions have been removed.

The Russian positions before the city, consisting of a comprehensive system of trenches and entanglements, are well calculated to make the victory of the German allies costly. The positions, however, are not regarded by Russian military observers as impregnable on account of the absence of any elevations commanding the district from which it would be possible to employ artillery effectively.

To the north the Austro-Germans are reaching positions evacuated by them in September on the roads to Rawa Ruska and Tomaszow, seemingly intent upon capturing Tarnow, the railroad junction which controls communication between Lemberg and Russia.

The Russians according to reports reaching Petrograd, are successfully holding the Austro-Germans along the Dniester river.

## TO CORNERSTONE LAYING.

Senator Anderson Craig to Capitol Ceremonies—Loan Bill Conference Today.

Senator Anderson Craig left yesterday for Jefferson City to attend the ceremonies of laying the cornerstone for Missouri's new capitol building tomorrow. He also will attend a conference relative to getting the Gardner land bank bill before the voters of the state in November, 1916, to be held today.

He is delegate from this county. Senator Craig is a firm believer in the efficiency of the bill and of its ability to assure cheaper farm loans in the state.

The cornerstone laying at Jefferson City tomorrow will be largely in charge of the Masons. A holiday has been declared in that city for that day. The governor and his staff and National Guard companies will be present.

## BANKERS WIN LAWSUIT.

Mrs. Mary Livasy Loses Case Against First National and Joseph Jackson, Jr.

The case of Mrs. Mary Livasy against Joseph Jackson, Jr., and the First National bank, which was tried in the Andrew county circuit court in June on a change of venue from this county, has been decided in favor of Jackson and the bank. The decision was announced yesterday by Judge Burnes, who heard the case. Cook, Cummins & Dawson represented the bank.

It was a suit to set aside a note and trust deed executed by Mrs. Livasy to the bank to reimburse them for the amount of money lost by reason of forgeries committed by her son, Ross Livasy. Mrs. Livasy claimed misrepresentation.

## Takes I. O. O. F. Degree.

Arthur Brewer was initiated into the local lodge of the Independent Order of Odd Fellows last night in a well attended meeting.

Mr. and Mrs. George Miller of Tecumseh, Neb., are visiting Mrs. Miller's sister, Mrs. Irvin Bartram, and family.

## BARNARD PICNICS

AUGUST 5, 6 AND 7

MODERN WOODMEN ARRANGE 3 DAYS FROLIC THERE.

## PLAN BASEBALL AND SPEAKING EACH DAY

Lodge Team May Play Maryville Once—To Be Held West of River—Is Annual Stunt.

A three days' picnic and frog-for-all fun making time has been arranged again for this summer at Barnard. The frolic will be on August 5, 6 and 7, and the place will be on the old grounds across the 102 river, west of town.

It was only definitely decided Monday by the Woodmen to hold the picnic, but plans are already well under way for the entertainments. There will be a base ball game each day between the Modern Woodmen team and other teams from over the county, possibly the Maryville team for one day.

The Woodmen also will hold competitive drills, and plan speaking for each day of the picnic besides various amusements and attractions, now being arranged. The whole town went together last year to hold the picnic.

## ROBS HOUSE IN DAYLIGHT

Mrs. C. R. Harman, Pickering, Hoed in Garden While Youth Took \$3 in Dwelling.

The home of C. R. Harman of Pickering was entered and a pocket book containing \$3 in change was taken from a dresser in one of the bed rooms yesterday afternoon while Mrs. Harman was hoeing in the garden at the rear of the house. Nothing else was found disturbed. No one is known to have seen anyone entering or leaving the place. It is believed some small boy did the trick.

Chief of Police E. C. Moberly was called to Pickering about midnight last night to set his bloodhounds on the trail. He did so and the hounds followed a trail several miles. No arrest has been made.

## WHITE CLOUD TO CELEBRATE.

Rural Community Plans Observance, July 3, of Independence Day.

The White Cloud school and church patrons southwest of Maryville are planning an Independence day celebration and social Saturday, July 3, on the church lawn. The women of the church will serve ice cream and lemonade and cake. Several speakers, perhaps of Maryville, will be engaged for the day's celebration. Additional entertainment for the day is being arranged.

## BAND UNIFORMS ARRIVE.

Fourth Regiment Receives "Work" Clothes—Dress "Duds" Expected Soon.

The new olive drab uniforms for the Fourth Regiment band arrived here yesterday. The blue dress uniforms and lockers for each member are expected to be here soon.

The new suits will not be worn to the concert tomorrow night, but the dress uniforms will probably be worn each time, after their arrival. T. B. Maulding, chief musician, announces. The band membership now numbers twenty-eight, each receiving a new suit in yesterday's shipment.

## THE WEATHER

Partly cloudy and probably showers tonight or Thursday; warmer tonight.

### A NATIONAL CREED.

The Chicago Herald suggests the following as a National Creed by which the men, women and children of America may affirm their Americanism:

"I believe in the United States, one and indivisible; in her mission as the champion of humanity—as the friend of wear and distressed; in the singleness, dignity and inviolability of American citizenship; in the validity of our national traditions; in peace with honor; in friendship with all nations that respect our rights; in entangling alliances with none; in reasonable preparations for national defense by sea and land; in shirking no sacrifice needed to hand down to the future the priceless treasures bequeathed to us by the past; in the necessity of keeping the western hemisphere free from the intrusions of European institutions and ambitions; in the capacity of free men for self-government; in the love of home and country and in the unflinching resolution that government of the people, for the people by the people shall not perish from the earth."

### WHO PAYS?

Who pays the tariff? says the Chicago Journal.  
There used to be a pleasant delusion

that the "foreigner paid," the idea being, apparently, that European manufacturers loved us so much that they would pay from 50 to 150 per cent duties on their goods out of their own pockets, and never dream of adding the sum so paid to the final selling price. By way of commentary on that notion—not so popular now as it used to be—the Journal presents the following true story:

Down in Ohio there is an automobile firm which is trying hard to get a good Canadian trade. With good roads, vast distances and a prosperous people, Canada offers a splendid market for autos. Here, if anywhere, the foreigner ought to pay the tariff tax which Canadian legislators have placed on motor cars. Does the Ohio firm do it?

Not quite. It advertises thus:  
Touring car, United States price, \$ 750  
Touring car, Canadian price, . . . 1,950  
The Canadian duty on automobiles is 42½ per cent. Forty-two and one-half per cent on the retail American price would come to \$318.75, whereas the actual excess the Canadian customer pays for this Ohio car is only \$300. The extra \$18.75 probably comes out of the Canadian agent's commission.

Does the foreigner pay? He does not, and here is one firm honest enough to say so. The consumer pays, first, last and all the time. On automobiles, soap, blankets, matches, window glass or soothing syrup, the consumer pays.

### Leave for Craig.

Mr. and Mrs. Frank Waits and daughters, Mary Lee and Pauline, of Lake View, Ia., who have been visiting Mr. and Mrs. Ed Costello, left Tuesday afternoon for Craig, where they will visit relatives.

### To Visit at Bolckow.

Mrs. C. A. McCoppin, 422 West Thompson street, and her mother, Mrs. J. W. Houghtaling, left this morning for Bolckow to visit until Thursday noon with friends and relatives.

Hawaii has set aside 690,000 acres of forest reserves and will experiment with planting eucalyptus for firewood.

### Home from Indiana.

Mrs. Frank Barmann returned Tuesday morning from a visit at Fort Wayne, Ind., with her daughter, Mrs. Edgar Scholder.

### To Visit Niece.

Mrs. Kate Roberts of Platte City arrived Wednesday noon for a visit with her niece, Mrs. Anna Todd, and other relatives.

### Expert Advice to Automobile Owners.

Why do I have difficulty in starting on my magneto in damp weather? The difficulty you have in starting in wet weather is probably due to moisture short circuiting some of the wires. Inspect the wires carefully for any points that might be affected by moisture and see that all the insulation is in good condition.

How will I burn the carbon out of the cylinders of my engine with oxygen-acetylene flames?

An oxygen-acetylene flame is never used for burning carbon out of cylinders. Acetylene is of no use for this purpose, but by employing oxygen alone a very satisfactory job can be done. The oxygen is used because it supports combustion five times as readily as air does, and therefore, once the carbon is ignited, it will burn rapidly, although it will not burn at all in air. In cleaning carbon from the cylinders in this manner the first thing to do is to remove the valve caps; then the cylinder is filled with oxygen. A small piece of burning waste is then dropped into the cylinder, and combustion immediately begins in a very vigorous manner. In fact, sometimes the carbon is consumed so rapidly that sparks will fly out of the valve openings, and for this reason it may be advisable to cover the front part of the car with damp cloths to catch these sparks. From this it must not be thought that there is any danger of setting the car afire, because the continued use of oxygen has demonstrated that there is no possibility of this occurring. If damp cloths are not used the most that will happen is a slight marring of the varnish by the sparks. The oxygen is supplied from a tank in which it is stored under very high pressure, and, as the pressure at the delivery nozzle of the outfit must be small, a reducing valve must be used to bring the pressure down to a reasonable amount. Therefore between the tank and the tube that carries the gas to the cylinders there is a reducing valve that automatically lowers the pressure. A gauge is generally fitted to the tank to indicate how much gas there is in it, because as the quantity becomes smaller the pressure drops.

### MAKES VALUABLE INVENTION

Roy Gearhart, inventor of Trolley Car Retriever, J. A. Ford and Chicagoan May Get \$20,000.

An invention by Roy Gearhart of this city, which has been patented, promises to be a good thing, financially, for the inventor and the men interested in it with Mr. Gearhart. The Moore-Jones Brass and Metal company of St. Louis, the biggest concern of its kind in the United States, has agreed to manufacture and place the patent on the market. A contract of this kind will probably be signed within the next week or so. This company agrees to pay 10 per cent royalty.

The invention is what is known as the trolley car retriever, and a number of inventors have been working for the last thirty years to perfect one, according to officers of the Moore-Jones company. They say it will be a big success, and to show their faith in the new patent they are going to spend \$100,000 within the next six months to advertise and promote it.

Mr. Gearhart has been at the plant of the company for the past few weeks overseeing the making of a working model.

Jim Andy Ford of this city and J. H. Fox of Chicago are interested with Mr. Gearhart in the patent. Messrs. Ford and Gearhart will probably go to St. Louis next week when the contract will be signed. The company says that it will probably amount to \$20,000 or more for the three men.

### Parnell Society Meets.

The Young People's Sodality of Parnell met at the residence of Edward Klaas last night.

### Visiting in Maitland.

Mr. and Mrs. J. Lieber Holmes have gone to Maitland to visit Mrs. Holmes' mother, Mrs. Nancy Maxwell.

### HE LAUDS ROAD WORK HERE

State Engineer Says Maryville Improve Highways All Time Scientifically—How Others Do.

In a letter being sent out to all commercial clubs of Missouri, Frank W. Buffum of Jefferson City, state highway engineer, pays a high compliment to the manner in which the Commercial club here recently undertook to keep repaired all roads within two miles of Maryville, with \$1,500 subscribed by business men of the city. He also tells how other towns are doing road work. He says in part:

In traveling over the state I notice a good many different plans that are used in different communities for the benefit of the "communities." Now, you notice I don't say "cities" or "towns," because now we have passed the point of speaking of "city limits," and it should be thoroughly understood that all people who live within a certain radius are jointly interested with each other in the welfare of each and every other person living therein. How to bring about these results has been studied out by different parties in the state, and it is the object of this letter to call your attention to some things that are being done that can be established in your community if you desire to do so.

For instance, at Macon they have a live commercial club, and when they have a meeting the parties who have automobiles go out and bring in the farmers who have no machines so they will be at the meeting.

In Mound City, which is a very live town and a growing one, and will grow more because they had enough nerve to put up a \$50,000 fireproof school house building, a credit to any large city, they have what they call a "community club," and it reaches out for its membership in all directions, and the merchants in that live place have come to the point that they buy their supplies in car load lots, getting benefit of car prices and avoid high local freights, and distribute same in their community, as a consequence, at a low price.

In the county of Howell, at West Plains, the county seat, they have a dragging day in which they drag out to the limit of the county and give a big supper at some school house, where the farmer and the merchant meet jointly with their families.

At Maitland, Holt county, the other day the merchants all gave a certain fund and asked everybody to drag their road from their home into town. Do not know whether they gave them a dinner or not, but it would not have been a bad plan to have done so, and probably next time they will, if they did not do it this time. They had over 160 drags.

On my desk is a photograph sent in from Blythedale, Harrison county, showing 112 horses and 44 men who have brought their drag into the small inland town.

Ridgeway, Harrison county, also had a road dragging day and a very large number of drags.

In Shelbyville every person coming outside of the limits of the city is given tickets on Saturday afternoons to the picture shows. Get your people to town and they will buy your goods, and build up your place. If you have bad roads they read mail order cata-

## Royal Society Cordechet

Only 10c  
Per Ball

A new thread for crocheting--tatting--made in white, ecru and all colors. Made in all sizes from 5 to 100.

Fast colors in sizes 30, 50 and 70.

**Haines**  
The Store That Quality Built

logs, when your merchants could secure the business if opportunity presented to do so, at fully as low a price, all things considered.

Now, our department is trying to get highways all across the state in every direction; trying to take care of every county and have the roads continuously and uniformly good. We are using our department to assist in organizing and building roads down

from the Iowa line through the Ozarks to the Arkansas line, in places where it was not thought possible. We are trying to get some north and south and east and west highways of rock or gravel. What we want your club to do is not to let this "good road" spirit die down. Keep it moving. Have school house meetings.

Of course, we generally have a reasonably dry June. If it had been such

this year, all the corn would have been in and been clean of weeds, and especially in the northern two-thirds of the state, the harvest would not have started, and the "good roads" days could have been carried on with better results, but should be, in those counties where road work could not be done by reason of weather, made a later date according to your different locations.

## IN THE Booster Club Campaign

We shall give the following prizes to Boosters and customers:  
**A PARLOR GRAND PIANO, WHICH IS THE CAPITAL PREMIUM.**

Two 42-piece dinner sets.  
Three Elgin Gold Watches.  
198 Pieces of Simeon L. & Geo. H. Rogers Table Silverware.  
One Gold Ring to the winner of the Baby Show.  
The capital premium is for the Best Booster.  
The dinner sets are for ANYBODY.  
The table silverware is for the Patrons' Clubs. (Join one).  
One Elgin gold watch is open to everybody.  
The other Elgin gold watches are for Boosters.

**BEGINNING FRIDAY OF THIS WEEK** we are going to give Booster Coupons with every cash purchase made at or through our store. A 5-cent purchase will secure five coupons, a 10-cent purchase, ten coupons, etc. Coupons will be given at the same rate for the settlement of accounts. The Capital Prize will be given to the Booster who, at the close of the Booster Club Campaign, has had the most coupons deposited to his or her credit, in the ballot box at our store.

Each Booster will have a Patron Club of ten members, and each week the different Patron Clubs will compete for prizes of Simeon L. & Geo. H. Rogers table silverware.

There will be lots of fun and excitement. But better than this will be the correspondence course for each Booster, a course that will not only direct the work, but give a training in practical salesmanship and business relations that will be of great value in after life.

**EACH WEDNESDAY** there will be a sale on some special article, on which we shall give extra coupons. This article will be changed from week to week. **WATCH FOR THE WEDNESDAY SPECIALS.**

During the closing week of each special feature of the Booster Club campaign there will be a big bunch of coupon bargains, when extra coupons will be given on all cash purchases. These weeks will come at four-week intervals. Watch for them, and make heavy purchases then.

We will give 100,000 Booster Coupons to the couple who will be married in our store. This must be told us in advance, that we may invite your friends.

**NEXT WEEK THE "BIG BOOSTER"** will be here. Come to our store and see him; find out all about the BOOSTER CLUB and then join. There is no initiation fee, and no dues. This is an opportunity that may never come your way again.

We want a thousand or more persons to become active helpers for the members of our Booster Club. In order that you may help your favorite, we shall give Booster Coupons free to each person, over ten years old, who comes to our store on **SATURDAY, JULY 10th**, and registers in a book provided for that purpose.

### To Speak on "Revelations."

The Rev. G. S. Cox, pastor of the First Methodist church, will speak on "The Real Value of the Book of Revelations" in the prayer meeting services tonight. Miss Nellie Wray will sing "I Hath Not Seen," from "The Holy City."

### Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall Orderlies—a mild laxative that tastes like sugar. Sold only by us, 10 cents.

Urean-Henry Drug Co.

### Expert Advice to Automobile Owners.

What increase in power can I expect by using ether in gasoline and in what proportion is it used to gain the best of results?

The use of ether in fuel will give a slight increase in power, due to the more rapid propagation of the flame. One-half pint of ether for each ten gallons of gasoline is used for this purpose, but it is not recommended, as it is not economical. For getting easier starting a mixture of one-half commercial ether and one-half gasoline is carried in an oil can. This can be squirted into each priming cup for the initial explosions. The can must have a cover on the spout.

### How will incorrect wiring affect my motor?

The effect of incorrect wiring on the motor depends on how the wires are misplaced. For instance, if the high tension cables were changed around so that no one of them went to the right plug it would be impossible to run the motor, although an occasional explosion might be obtained. If two or three of the high tension wires were interchanged, but one or more were left on the correct plugs, then the motor would run on the cylinders in which the latter were. Where a dual system is employed the wires of the battery system may sometimes be misplaced without interfering with the operation of the magneto and vice versa. As a rule, however, the changing of the wires will result in the whole ignition system becoming inoperative.

### Has a long stroke motor any advantages over a short stroke motor?

Yes. The gas after ignition has greater chance to give up its energy to the piston. A greater volume of gas may be gotten into the cylinder without increasing the bore. This means more power for the same piston speed.

### How can I take up the end play in a crank shaft without putting in new bearings?

It is best to replace the bearings when end play develops, but if this is not desirable the play can be removed by moving the thrust bearing to one side enough to compensate for the wear. The thrust is taken by the center main bearing, which is easily distinguished by having large flanges on each side. Remove the bolts holding the bearing to the crank case and file out the bolt holes enough to permit the bearing to be shifted. Then replace the bearing and tighten the bolts carefully.

### How will running with retarded spark make the water boil in the radiator?

Operating a motor with retarded spark will cause overheating by retarding and prolonging the combustion of the charge throughout the power of expansion stroke. Thus the cylinder walls are exposed to the action of the burning gases during the whole of the stroke instead of only during the time the piston is in the region of upper dead center, as is the case when the spark is properly set. If the spark is advanced to the point of most efficient operation the spark will occur some time before dead center and maximum pressure will be reached and the combustion nearly completed just after dead center has been passed. During this time, since the piston is near the top of the stroke, the amount of surface exposed to the exhaust gases is a minimum, and, furthermore, at this point in the stroke the compression is at its height, and combustion takes place with greatest rapidity. Contrast these conditions with what happens when the spark is greatly retarded. Let us assume that ignition occurs when the piston has half completed its stroke. At this point the compression is lower, and combustion is therefore slower and will probably not be completed until after the exhaust valve opens. The hot gases are in contact with nearly the whole of the cylinder wall surface for practically one-half revolution.

But this is not all. When the spark is retarded, as in the instance just mentioned, the motor does not develop full power, therefore for a given load on the motor the throttle must be opened wider and more gasoline and air must be supplied. The extra heat generated by the combustion of the increased amount of fuel thus adds its share to the already overheated motor.

My car is equipped with electric lights and would like to know if dry batteries would work the head and tail lights. If so, how many and about how many hours would they last?

Dry batteries are not suited for lighting the head and tail lights. This method would be entirely too expensive, as the number of batteries you would require would be great and their life short. Take your storage battery to a battery repair man that you are certain is an expert—if possible take it to a service station maintained by the maker of your battery—and have it examined. It may be that all it needs is an overhauling to make it as good as new. But even if you must buy a new battery it is better to do this than try to use dry cells.

**SOCIETY

Phones—Office 42 Home 663

### Twentieth Century Club Meeting.

There will be a meeting of the Twentieth Century club at the Elks club tomorrow afternoon at 3 o'clock.

### Meeting at 7:45 o'clock.

The Rebekah lodge will meet tomorrow evening at 7:45 o'clock in the I. O. O. F. hall.

### Ladies' Aid Meets.

The Ladies' Aid society of the First Methodist church will meet in the choir room of the church at 2:30 o'clock tomorrow afternoon.

### Meeting of M. I. Circle.

The M. I. Circle will meet Thursday afternoon at 4 o'clock at the Price-McNeal rest rooms.

### Dinner Party.

Mr. and Mrs. A. T. Clark entertained at 6 o'clock dinner at Hotel Linville Monday evening Mr. and Mrs. M. Nussbaum and daughter, Mrs. A. Swike, and son of Plattsburg.

### Have Picnic.

The "Haines Bunch," employees of the Haines store, held an outing and picnic northeast of town last evening. They spent several hours in fishing and in practice with a target rifle. A lunch was served.

This is one of several outings that the Haines bunch has planned for the near future. Mr. Harvey Haines was the host.

### Entertains Club.

Mrs. S. G. Gilliam was hostess Monday afternoon to the "Over the Tea Cup" club. The members of the club include Mrs. James B. Robinson, Mrs. G. L. Willey, Mrs. Charles Jackson, Mrs. W. A. Rickenbrode, Mrs. J. F. Colby, Mrs. G. H. Colbert, Mrs. Charles Bellows, Mrs. C. T. Bell, Mrs. O. C. Hanna, Mrs. C. C. Corwin, Mrs. M. G. Tate, and the hostess, Mrs. H. A. Foster was a club guest Monday.

### CHANDLER WAS BEST SHOT.

Local Marksman Gets 24 of 25 and 64 of 60 in Tri-Club Shoot.

The tri-club gun shoot held on the grounds near Skidmore yesterday afternoon between members of the Maryville, Skidmore and Maitland Gun clubs brought out some fairly creditable scores. Ben Chandler made the highest scores for the Maryville club. He broke 24 out of 25 and 46 out of 50 clay pigeons.

Several other local shooters also made some fairly good scores.

### PROMISE FAIR WEATHER.

Government Bureau Forecasts Showers—Will Appear Saturday, However, Here.

Weather predictions for the week beginning today at Washington, issued by the weather bureau are:

Showers are probable about Saturday and again on Sunday. Temperatures close to seasonal average.

### MARTIN TO RUN.

Former Maryville Attorney Will Be a Candidate for Representative in Congress.

B. Raleigh Martin of St. Joseph, formerly of Maryville, will be a candidate for the Democratic nomination for representative in congress at the primary election next year. Martin was a candidate some three years ago and lost to Congressman Charles F. Booher.

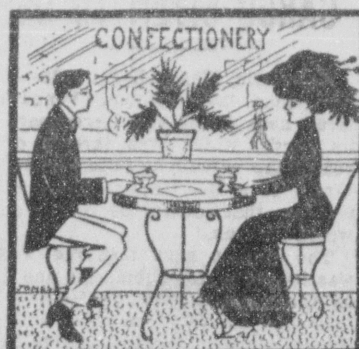

### On Their Way to Frisco.

A party from New York City was in Maryville today in their car, an Alcoa, on their way to San Francisco. They were J. C. Penney and family.

### IT MEANS AN EXTRA TAX.

Both Maryville Base Ball Team Managements Must Pay U. S. War Levy.

In advice to The Democrat-Forum, Wiley O. Cox, Jr., deputy internal revenue collector, of St. Joseph, explains that both base ball team managements of Maryville must pay a war tax. He says in part:

"I find base ball teams, where an admission fee is charged, are considered as 'public exhibitions,' and as such are taxed at the rate of \$10 per annum. 'With the government, the fiscal year ends June 30, and begins July 1st. Any base ball team, starting operations as above, in June, is taxable for 84 cents for the remainder of the year 1914. If starting operations, as above, in the month of May, then \$2 taxes due for the two months in 1914 (tax \$1.66 2-3 and 50 per cent penalty, \$1.33 1-3). The 50 per cent penalty is incurred by failure to make application to the collector of internal revenue within the month in which opera-

tions were begun. The 1915 tax is for six months from July 1, and is \$5. 'Those beginning operations this month must make application this month, with payment of tax, in order to avoid 50 per cent penalty.'"

### Death of Mrs. Schaub.

Mrs. H. J. Schaub, aged 42 years, a former resident of Maryville, died Saturday at a hospital in Atchison, Kan. Funeral services were conducted yesterday in Atchison. Mrs. Schaub is survived by her husband and six children, Lee, Mabel, Charles, Bessie, George and Lester.

In New Zealand military training is compulsory on all male citizens between the ages of 12 and 25.

### COST BOY WHIPPER \$19.20.

William Greenelsh, Former Barber Here, Fined for Assault by Conception Jury.

William Greenelsh, formerly a barber of Maryville, now proprietor of a pool hall and barber shop in Conception Junction, was fined \$1 and costs of \$18.20 in justice court there yesterday afternoon for common assault, by a jury. He paid. Prosecuting Attorney W. G. Sawyers went there to assist in the case.

Greenelsh was charged with having whipped Leo Binter, a minor, there recently because the Binter boy is said to have quarreled with Greenelsh's boy.

### MAY ADMIT ASSAULT.

Charles Childress Expected to Plead Guilty to Charge of Fighting Boarder.

Charles Childress, arrested Monday on a charge of assault and battery Sunday on Estes Wyatt, a boarder at the Childress house, will probably plead guilty when the case is called to trial late this afternoon, according to present plans.

The trial was to have been held before Justice R. L. McDougal this morning, but because Childress sought time in which to look up the phase of the case better, time was extended.

### DEFER SCHOOL BOARD MEET.

Postpone Election of 3 Teachers on Account of Absence of Members.

The special meeting of the school board planned for last night was deferred because of the absence of L. C. Cook and L. E. Carpenter, members of the board, who were out of the city. A meeting probably will be held tonight, if all are present. It is planned to elect three teachers to take places vacated by previously elected teachers. About fifteen applications for positions have so far been received.

### Mrs. White Dead.

Miss Carrie Hopkins received a message Tuesday afternoon telling of the death of Mrs. Walter K. White, which occurred very suddenly Tuesday at her home, south of Fairfax. No funeral arrangements will be made until word is received from California relatives. A sister, Mrs. A. A. Hopkins, and Mr. Hopkins, of Rosendale were in Maryville yesterday afternoon on their way to Fairfax for the funeral services. Mrs. White is survived by her husband, who is well known over this part of the state as a breeder of fine stock.

## Deafness

### Are You Deaf or Hard of Hearing?

Now is the ideal time to treat deaf-ness. Ninety per cent of all deafness is caused by catarrh. Dr. Edwards of St. Louis has discovered and perfected an operation for catarrhal deafness which is remarkable for its many cures. There is no cutting and it is painless. I am now using this opera-tion in Maryville with remarkable success. Every patient treated by me has been cured or greatly benefited.

## MANY KILLED BY CALIFORNIA QUAKE

Several Victims Are Reported at  
Calixico and El Centro.

San Francisco, June 23.—Advises received from El Centro, Cal., by our distance telephone stated that be-tween ten and fifteen persons were killed by falling walls, caused by an earthquake. The report said two large fires, which had threatened the town were under control, but lesser con-ditions still were burning.

Several deaths are reported at Ca-lixico, a town on the Mexican bound-ary line, as a result of the earthquake. Fires are said to have started in sev-eral places. The extent of the dam-age is unknown. The telegraph and telephone wires were put out of com-mission.

### BREWSTER LOSES JOB

#### Says He Was Dropped Because of Ac-tivity in Labor War.

Boulder, Colo., June 23.—Professor James H. Brewster of the law faculty of the University of Colorado, who failed to be reappointed to his po-sition by the board of regents, issued a statement declaring that he had been removed on account of his sym-pathy with the Colorado union coal-miners in their recent strike.

Brewster was one of the attorneys for the strikers before the congress-ional committee which investigated the strike in the spring of 1914.

The statement charges that last De-cember F. M. Ammons, then governor of Colorado, demanded that Brew-ster be immediately dismissed, but Pres-ident Farrand at that time refused to consent to such action.

Morgan Will Float Big French Loan.  
New York, June 23.—J. P. Morgan & Co. announced that arrangements had been made by them and the Rothschilds of Paris for the flotation in this country of a new French loan, the amount of which it was impossible to state at present, secured by high grade railway bonds lodged with the Morgan firm.

U. S. Cruiser Ordered to Haiti.  
Washington, June 23.—New revolu-tionary activities in Haiti caused the navy department to order Rear Admi-ral Caperton and the cruiser Washing-ton, now at Vera Cruz, over to Cape Haitien with 700 bluejackets and 200 marines. The French cruiser Des-sartes already has landed bluejackets there.

Newcastle, England, June 23.—The Norwegian mail steamer Venus ar-rived here minus the larger part of its cargo, which was thrown over-board, the captain asserted, under a threat of a German submarine com-mander that otherwise the Venus would be sunk.

The captain says that the Venus was halted by the submarine and given the alternative of jettisoning all foodstuffs on board or being sent to the bottom and that in order to save his boat several hundred caskets of butter and many cases of salmon and other tinned fish were consigned to the sea. The remainder of the freight on the Venus, consisting of wood, was permitted to remain on board.

This is the first time that a Ger-man submarine boat is reported to have permitted a vessel to escape un-der such terms.

### BARNARD TO PLAY BURLINGTON.

Two Fast County Teams to Meet Again—Junction Won Last Time.

The Modern Woodmen base ball team of Barnard will play the Burlington Junction team at Burlington Junction next Sunday, according to plans made this morning. Each team was arrang-ing for games with other teams, until the games were canceled. Burlington Junction defeated Barnard recently in a ten inning game by a score of 3 to 2.

The Barnard team is scheduled to play the Maitland team at Maitland, Sunday, July 4. It is the same Maitland team which lost to Maryville here yesterday by a score of 1 to 5.

A new Hanamö telephone directory has just been turned out from The Democrat-Forum's job printing de-partment, which will be distributed to subscribers within the next few days. The directory has been corrected up to date and is a handsome directory.

Particular men and women prefer Nyal's Mayflower Talcum. Sold by Koch Pharmacy.

### GREAT BATTLE NEAR ARRAS

French and Germans Fighting With Unheard of Heroism.

Berlin, June 23.—The official an-nouncement from army headquarters reports heavy fighting along the Foch river, in Alsace, where considerable gains have been claimed recently by the French. The announcement says: "We have transferred our positions to the east bank of the Foch."

The Overseas News agency gave out the following:  
"Reports from neutral sources de-clare that the battle raving near Ar-ras may decide the fate of France. Both sides fight with unheard of hero-ism. The French are very strong. The Germans are continuously re-cieving reinforcements. The losses of both sides are fearful."

"Reports from Dutch sources state that the French losses are fearful. The hospitals at Amiens and Abbe-ville are overcrowded. The constant arrival of trains with wounded add to the confusion, and it is impossi-ble to give the usual care to the wounded."

"Soldiers write that from Arras to Souchez (about eight miles) the field is covered with corpses and that the odor is unbearable."

### ITALIANS GAIN GROUND

Invaders Capture Austrian Forts Southeast of Piava.

Geneva, June 23.—The Tribune prints the following dispatch from Lal-bach:  
"The Italians gained ground twelve miles north of Gorizia, while southeast of Piava they captured two forts and several trenches, in which were found two machine guns."

"Along the Isonzo the artillery duel seems to have turned to the advantage of the Italians and the Austrians are beginning to bring up heavy guns from the eastern front."

"A council of war was held at Lal-bach. Archduke Eugene, commander in chief of the Austrian forces operat-ing in Italy is expected to arrive at the Gorizia-Trieste front today."

Terrific Storm Hits Little Rock.  
Little Rock, June 23.—A terrific storm struck this city. The wind at-tained a velocity of seventy miles an hour. Heavy rain accompanied the storm. A negro was killed by a live wire. Heavy damage was done to store windows.

## THORNE OPPOSES RATE INCREASE

Hearing Begins Before Inter-state Commerce Commission.

### WRIGHT OPENS ARGUMENT.

Attorney For Northwestern Tells of Financial Condition of Western Roads and Contents Increase on Commodities Is Justified.

Washington, June 23.—Representa-tives of the principal western rail-roads began general argument before the interstate commerce commission in support of their applications for in-creased freight rates on grain, live stock, coal and many other commod-ities. Members of state railway com-missions and representatives of ship-pers opposed to the increases were ready to present their side.

The commission first heard argu-ments on the financial condition of the roads by C. C. Wright, attorney for the Northwestern. Faced with in-creased taxes, higher costs of labor and added expenses in many other directions, he contended an increase on some of the more important com-modities is justified and will be under-stood and approved by the public.

Clifford Thorne, speaking for six-teen state railway commissions and several shippers' and farmers' organi-zations, spoke against the increase. Mr. Thorne said the railroads based their requests on the theory that the book cost of their properties should be taken as their real value on which they were entitled to 7 per cent.

"This," said Mr. Thorne, "is but the entering wedge. If these roads are entitled to \$10,000,000 more in reve-nues today, they will be entitled to \$40,000,000 advance next month in passenger rates and another advance in freight rates next year. If these two doctrines are sound all the rail-roads of the country would be entit-led to \$500,000,000 increase every year."

### U. S. MARINES NOT LANDED

Villa General Promises to Protect Americans Within Yaqui Valley.

Guaymas, Mex., June 23.—Fifteen hundred Villa troops, under Genera-Sosa, were promised as protection for foreigners in the Yaqui valley, at a conference aboard the Colorado be-tween Admiral Howard, commanding the Pacific fleet, and his staff and Gen-eral Leyva, military commandant at Guaymas. General Leyva said that the landing of American marines might be misinterpreted by the masses of the Mexican people.

Under the aegis of the flag ship were gathered Admiral Howard, Gen-eral Leyva, W. J. Phillips, the Amer-ican consul at Guaymas, Captain Ash-ley Robertson, commanding the Colo-rado, and Captain George Williams commanding the cruiser Cleveland.

To the Americans General Leyva promised the same protection for for-eign settlers as that which would be afforded Mexicans and said further that in case of imminent danger an adequate guard would escort them to a place of safety.

Two Philadelphia Firemen Killed.  
Philadelphia, June 22.—Two firemen were killed and four others were in-jured here fighting a fire which de-stroyed one of the buildings of Thom-as Potter Sons & Co. oil cloth manu-facturers. The dead are William James, a battalion chief, and John Hillman, a ladder man. An explosi-on of benzine wrecked the building and caused one wall to tumble over on the firemen. Property loss is estimated at \$50,000.

War Hospital Burned In Chihuahua.  
El Paso, Tex., June 23.—Officials here continued their effort to verify the report of the burning of a mil-itary hospital and from 200 to 300 wounded inmates in Chihuahua.

Mayo Indians on Rampage.	

Nogales, Ariz., June 23.—Mayo In-dians, who have followed the exam-ple of the Yaquis in Sonora, Mex., sacked Los Mochis, Sinaloa, according to J. P. Taylor, manager of a sugar com-pany owning land in that section, who telegraphed to the secretary of state at Washington, asking for protection.

### Get a Soil Survey.

The Democrat-Forum is in receipt of a number of the Nodaway county soil surveys sent by Senator James A. Reed for distribution. We will gladly sup-ply anyone desiring one who will call or will mail them when desired. Sen-ator Reed and Congressman Booher have made an effort to secure enough of these valuable reports to supply those who are interested in the soils of this county.

### To California.

Mrs. Fred P. Robinson and daughter, Miss Virginia Robinson, will leave Sunday morning for Los Angeles, Cal., where they will visit for several weeks with Mrs. Robinson's sister, Mrs. Fletcher Irwin, and Mr. Irwin. They will later visit the exhibitions.
